Product Description

✓ Moves around up to 300 CFM of air
✓ Built-In adjustable single pole Thermostat
✓ Suitable for a commercial, industrial, or public restroom areas

Provide heat where you need it and when you need it most. This Global Industrial® Multi-Watt Portable Heater directs and pushes out reliable heat to keep productivity and comfort on the rise at your workshop, factory, garage and any other workstation that desires a well

heated interior space. This multi-watt heater allows multiple wattage choices from 1881W to 5000W at the turn of a switch. Thermostat control knob allows ergonomic temperature accessibility and adjustability. Balanced fan blades provide maximum air flow while minimizing resonance and turbulence. Includes mounting bracket and tilt adjustment knob for reduced unit footprint and position adjustability. Adjustable louvers allow heating directional control. No need to open the cabinet and sort through tangled wires. 3-wire lead from the cabinet for easy hardwire installation and service. Visual alarm warns of excessive heat and thermal cut-off protects by shutting down the unit. Unit includes a wall bracket and expansion bolts that allows for mounting on a wall. Unit is best suitable for a commercial, industrial, or public restroom area. 1-Year Limited Warranty.
