Chrome Flat Wire Shelf, 48 in. W x 18 in. D

★★★★½ (2)

Ships within 1 Business Day

Product Description

✓ Original factory part for perfect compatibility
✓ Includes one 48"W x 18"D shelf and shelf clips
✓ 800-pound weight capacity

Use the 48"W x 18"D Nexel™ S1848C Chrome Wire Shelf to add extra storage space to compatible shelving units or mix individual shelves and posts to create a custom unit that maximizes storage space. Its open design maximizes air & light circulation, minimizes dust accumulation, and allows sprinkler water to penetrate more easily in the event of a fire.

Truss reinforcements push the payload capacity to 800-pounds, allowing it to hold heavy tools & equipment without bowing or bending. It is made of strong and durable steel with an electroplated nickel-chrome finish that is attractive enough for retail display use and strong enough to withstand harsh & demanding warehouse conditions. NSF-certified. Limited 1-Year Warranty when used in dry environments.
