Global Industrial™
Class 2 Hi-Vis Safety Vest, Solid Polyester

- **Class 2** – Provides moderate visibility level for workers in low speed traffic and/or inclement weather
- **Class 3** – Provides highest level of visibility for workers in high-risk environments such as near heavy traffic and/or poor visibility conditions
- **Non-ANSI** – Offers enhanced user visibility for low-risk environments, but does not meet requirements for Class 2 or Class 3
- **Pockets** – Offer storage for tools, personal items and communication devices such as two-way radios
- **Mesh** – Provides enhanced breathability, ideal for warmer work environments and temperatures
- **Solid** – Provides added user protection from the elements, ideal for cooler work environments and temperatures
