Product Description

The cost-effective solution when you're looking for **heavy duty metal storage racks** to handle hand-loaded materials. This **Starter Unit** includes 2 upright frames, 3 shelf levels with wire deck. These **bulk storage racks** offer almost twice the capacity per level as standard bulk racks thanks to the formed step beam frame. Beams attach to frame in seconds without tools. The 14-gauge upright steel frame measure 1-3/4" x 1-3/4" and allows beam adjustment easily on 2" centers. Heavy-duty 12-gauge beams have 3 hooks at each end for positive connection. 18" deep models do not include deck supports. Welded base

plates on 18"D racks accept optional caster kit for mobility. Casters include 5" x 1-1/4" non-marring polyurethane wheels (2 swivel, 2 rigid) and offer 1,000 lb. capacity. Also available with wood or steel deck, or rack unit alone (supply your own deck).
