Product Description

48"W Pegboard Panel Rack

48"W Pegboard Panel Rack organizes tools and accessories at workstations or in shops or garages. Entire unit is made of welded steel for long lasting durability. Double-sided panel offers maximum storage capacity in a small amount of space. Accepts conventional pegs, hooks, brackets and supplies for maximum tool storage versatility (pegboard accessories

not included). Pegboard panel adjusts up or down along punched posts for maximum versatility. Pegboard rack rolls into position on four swivel locking casters. Side push handle eases maneuverability around the work area. Measures 48" wide. The pegboard measures 36"W x 19"H. Panel rack color is blue.
