Product Description

Sealing a package is one of the most critical segments in a shipment process. No matter the size or shape, packaged products need resilient sealing to keep containers securely closed. The Global Industrial™ Magnetic Mount Tape Dispenser is an essential tool for any packaging room, shipment center or among a small team of workers. The compact dispenser is completely mountable on any magnetic surface to easily provide access to packaging tape. The handheld dispenser accepts tape widths up to 2" for effective sealing coverage. Portable and compact in design for minimal space occupancy. 1 Year Limited

Warranty.
