Product Description

STRUCTURAL FOAM PLASTIC PLATFORM TRUCK

Reinforced structural foam plastic deck is strong, lightweight and quieter rolling than steel deck trucks. Easy to clean, resists most chemicals and will not chip, dent, rust or mar walls. Anti-skid deck surface and twin braced, removable steel push handle helps retain cargo during transit. Decks have perimeter tie-down openings to help secure load. Durable 6" x 2"

thermoplastic polyurethane casters; 2 rigid center casters and 4 swivel end casters allowing truck to turn on its own radius.

Click here to see the optional **Additional Removable Handle for 60" x 30" Structural Foam Plastic Platform Trucks** that allows bi-directional truck use.
