Ships within 1 Business Day

Product Description

✓ Powered battery provides run time of 8+ hours
✓ Portable compact footprint
✓ Integrated outlet power strip with 5 electrical and 2 USB outlets
✓ Cord wrap & side carrying handles

The Global Industrial™ Mobile Powered LCD Computer Cabinet is a conveniently powered and rechargeable workstation for LCD flat panel monitors up to 24" diagonal. The design of the enclosure physically helps protect your computer equipment and data from surrounding hazards, vandalism, and insider hacks. Highly ideal for businesses that wish to conform to Payment Card Industry (PCI) Compliance with physical protection. Also perfect for use at construction, manufacturing facilities, or libraries. The locking monitor compartment in the enclosed computer cabinet includes a break-resistant window framed in heavy-duty steel. Window panel is removable which gives easy access to touch screen monitors. The computer cabinet unit comes with a convenient sloped writing surface and 2 organizing compartments for 8-1/2" x 11" papers. Lower compartment has front and rear doors. Cable management openings throughout. Rear panels are louvered to regulate heat. Moves on 4 industrial swivel casters (2 with brakes). Powder coat finish.
