Global Industrial™ Adjustable Height Workbench, 48 x 30", Maple Safety Edge, Black

★★★★★ (5)

Ships within 1 Business Day

Product Description

✓ Rounded, safety-edge maple Boos butcher block by John Boos & Co.
✓ High weight capacity to handle most projects and tasks
✓ Adjustable-height C-channel legs

One of the toughest industrial tops you'll find anywhere. Global's 1-3/4" Maple butcher block provides a durable work surface.

Electronically cured maple bench top is kiln dried, sanded smooth and finished with a penetrating oil protectant. Rounded front safety edge protects workers from leaning against sharp edges. Tops must be oiled on all surfaces every 1-2 weeks depending on use or conditions for up keep.

Adjustable height legs feature removable duplex knockouts on front and rear for installation of either a hard wired electrical outlet or an optional plug-in outlet that easily screws into place with no wiring necessary. Steel parts are undercoated to resist rust and finished with black powder coat for durability. Bench stringer comes with mounting hardware to assemble legs to the bench top.

Leg height adjusts in 1-1/2" increments.

Specifications

Weights & Dimensions

Width	48 in
Depth	30 in
Height	30-7/8 - 37 in
Weight Capacity	2000 lbs
Top Thickness	1-3/4 in
