Model: WBB677511

Zurn 6" Dia. Round Floor Drain W/Screws, Nickel

★★★★★ (0)

In Stock, Ships in 3-4 days

Product Description

A typical Zurn Floor Drain can be installed in most floor construction. The drain pipe is run to an elevation below the expected finished floor level, so that the drain top will be flush with (or slightly below) the finished floor. The drain body is secured to the pipe with any of four connections -threaded, no-hub, inside caulk, or the Zurn Neo-Loc.
