Global Industrial™ 6 Shelf, Commercial Duty Boltless Shelving, Add On, 48"W x 18"D x 60"H, Duradeck

★★★★★ (0)

Backordered, expected around 02/06/2027

Product Description

✓ Double rivet beams on the top & bottom levels for added stability
✓ Single rivet beams on the middle shelf provide reliable support
✓ Connects to a coordinating starter unit for additional storage space

The 48"W x 18"D x 60"H Global Industrial™ Commercial-Duty Boltless Shelving Add On Unit is a practical, space-saving solution for expanding your existing storage system. It

connects easily to commercial-duty boltless starter kits, using a T-post configuration to create a continuous shelving system across multiple units. Made from durable roll-formed steel with a chip-resistant gray enamel finish, this 6-shelf unit features a boltless design for quick, hassle-free assembly and provides four-sided access for maximum flexibility. Its heavy-duty frame includes 14-gauge steel uprights punched on 1½" centers with single rivet horizontal beams on the middle shelf and double rivet beams on the top & bottom levels for added stability. The rivet button stud construction securely locks perimeter beams into the posts, forming a stable joint that helps reduce back and side sway. Each adjustable shelf is fitted with Duradeck decking, a smooth, non-porous surface that wipes clean easily, making it ideal for healthcare and food service applications.

- Supports up to 300 lbs. per level when evenly distributed
- Pre-sized panels for seamless installation
- Ideal for any industry where cleanliness is essential
- Open design allows four-sided access to stored items for maximum flexibility
- Shelves are adjustable at 1 ½" increments
