EXCLUSIVE BRANDS NEW PRODUCT

Global Industrial™ Welded Steel Shelf Truck, 4 Shelves, 3000 lb. Cap., 48"L x 24"W

★★★★★ (0)

Available on or around 12/14/2026

Product Description

✓ Fully welded steel construction support loads up to 3,000 lbs.
✓ Features (4) 12-gauge steel shelves to keep materials organized & accessible
✓ Rolls smoothly on (4) phenolic casters for easy transport & secure placement

The 48"L x 24"W Global Industrial™ Welded Shelf Truck is your solution for storing and transporting large loads of tools, equipment, and supplies around your facility. Constructed

from fully welded steel with a durable powder coat finish, this 4-shelf truck has a 3,000 lb. load capacity and is built to handle demanding material transport with ease. Its multi-shelf design helps maximize organization, while four-sided access allows for convenient loading and unloading. Designed for maneuverability, it features an ergonomic push/pull handle, two swivel casters with brakes, and two rigid industrial casters for smooth, controlled movement throughout warehouses, distribution centers, and other industrial environments. Limited 1-Year Warranty.

- Heavy-duty 10-gauge steel uprights enhance durability
- Open design provides easy access to stored materials
