# Makita® XRU15PT 18V X2 (36V) LXT® 15" Cordless Brushless String Trimmer Kit Two Batteries

★★★★★ (0)

Ships Same Day

## Product Description

Landscapers are demanding more cordless alternatives to gas-powered outdoor power equipment. Makita® is meeting demand with an expanding line-up of cordless OPE, including the 18V X2 (36V) LXT® Brushless Cordless String Trimmer Kit (model XRU15PT1). With zero emissions, lower noise and considerably less maintenance than gas-powered string trimmers, the 18V X2 (36V) LXT Cordless String Trimmer is a welcome solution for landscapers. It's powered by two fast-charging 18V LXT Batteries for maximum

power and run time, but without leaving the strongly-preferred 18V battery platform.

Electronic controls efficiently use battery energy to match the changing demands of the application for increased power and speed when needed. In addition, the string trimmer rotates in the same counter-clockwise direction as professional-grade trimmers, and uses industry standard spindles (M10x1.25 LH) for added convenience.

With the efficient Makita® BL™ brushless motor, the trimmer delivers longer run time, more power and speed, and longer tool life. Makita's efficient BL Brushless motor is electronically controlled to optimize battery energy use for up to 50% longer run time per battery charge than similar non-brushless tools. The XRU15PT features a Makita-built Outer Rotor Brushless Motor with direct drive which provides high power and increased torque.

The String Trimmer features Makita® Extreme Protection Technology (XPT™). XPT is a protective seal inside the tool, and is engineered for improved operation in harsh conditions by channeling water and dust from key internal components.

It's part of Makita's expanding 18V LXT System, the world's largest cordless tool system powered by 18V lithium-ion slide-style batteries. Makita® 18V Lithium-Ion Batteries have the fastest charge times in their categories, so they spend more time working and less time sitting on the charger.

For improved tool performance and extended battery life, Makita® created Star Protection Computer Controls™. Star Protection is communication technology that allows the Star Protection-equipped tool and battery to exchange data in real time and monitor conditions during use to protect against overloading, over-discharging and overheating. For increased versatility, the tool can also be powered by Makita® 18V LXT and Compact Lithium-Ion Batteries with the star symbol on the battery indicating Star Protection inside.

**Features:**

- Makita-built Outer Rotor BL™ Brushless Motor direct-drive system provides high power and increased torque
- Automatic Torque Drive Technology mode automatically shifts from 3,500-6,500 RPM for extended run time or added power
- 3 speed options (Low: 3,500 RPM, Medium: 5,300 RPM, High: 6,500 RPM) for power management
- 15" cutting swath for increased productivity
- Includes bump and feed trimmer head loaded with 0.080" twisted quiet line
- Reverse rotation function allows operator to quickly clear trimmer head of entangled grass and weeds Adjustable loop handle for operator comfort

- Extreme Protection Technology (XPT™) is engineered for improved dust and water resistance for operation in harsh job site conditions
- Equipped with Star Protection Computer Controls™ to protect against overloading, over-discharging and over-heating
- 3-year limited warranty on tool, battery and charger

## Specifications

### Weights & Dimensions

| | |
|---|---|
| Shaft Length | 50 in |
| Cutting Swath | 15 in |
| Cutting Line Size | 0.08 in |

### Product Details

| | |
|---|---|
| Type | String Trimmer |
| Head Type | Cartridge |
| Corded/Cordless | Cordless |
| Number of Trim Lines | 2 |
| Shaft Material | Steel |
| Batteries Included | Yes |
| Start Type | Trigger |
| Straight Or Curved Shaft | Straight |
| Battery System | LXT® |
| Style | Handheld |
| Line Advance | Bump |
| Number of Batteries | 2 |
| Voltage | 18 V |
| Manufacturers Part Number | XRU15PT |
| Battery Amp Hours | 5.0 Ah |

| | |
|---|---|
| Charger Included | Yes |
| Engine/Motor Type | Electric (Battery) |
| Brand | Makita |

## Warranty

| | |
|---|---|
| Warranty | 3 yr |

## Compliance & Certifications

| | |
|---|---|
| California Emission Compliant | Yes |
