Global Industrial™ Orbit Mobile Powered Cart with 4 Swappable LiFePO4 Batteries

★★★★★ (0)

Available on or around 12/11/2026

Product Description

✓ Includes Global Industrial™ Dual Battery Docking & Charging Station and 4 Hot Swappable LiFePO4 Batteries
✓ Swivel caster wheels and built-in handles provide easy mobility transportation.
✓ Easily fit cables through the opening at the back of the work surface.

The Global Industrial™ Orbit Mobile Powered Cart comes with 4 swappable LiFePO4

batteries, a dual hot swappable docking station and a dual charging station. This cart is ideal for data centers, warehouses, manufacturing facilities, and industrial environments where employees are on the move between multiple areas. Our swappable portable batteries power a laptop, small thermal printer and scanner for up to 16 hours depending on the devices used. It features a solid steel post and base to provide deft support along with a smooth black laminate work surface. The ample work surface is thick and easily mounts at various heights. Durable center post includes built-in cable management openings. Cart moves easily on caster base. Base features a wide shelf and 4" rubber casters (2 locking). Black powder coat finish. Easy assembly. **Please note that accessories depicted in the gallery images are sold separately. For details and purchase options, please refer to the listing below.**
