Product Description

The compact Beltrac Magnetic Retractable Barrier features a 15-foot-long belt with a magnetic clip that makes it perfect for warehouse and industrial applications. Quickly affix this barrier to a metal surface such as a warehouse upright or forklift chassis for an instant, dependable closure. Designed to protect your surfaces, a rubber-shielded rear magnet ensures no marks or scratches are left behind after use. Quickly deploy and remove the magnetic belt barrier without any tools or mounting hardware. Discover how our Magnetic Retractable Barriers outperform competitors in our Safety Barrier Guide. The compact size

of the Magnetic Belt Barrier makes it easy to deploy, relocate, or store multiple units while providing a low-profile when in use, making it unobtrusive.

Product Features:

- Strong magnets on both the clip and mount grip metal surfaces without fail.
- The magnetic belt clip is also compatible with our standard belt receivers.
- Rubber-clad rear magnets protect surfaces against abrasions.
- Power-packed performance: Back magnet rated at 44 lbs. pull force.

Common Uses:

- Maintaining safe zones in warehouses by cordoning off aisles during stocking or maintenance.
- Temporarily closing public restrooms for cleaning or maintenance.
- Closing checkout lanes during cashier breaks.
