# Interion® Gas Spring Single Monitor Desk Mount

★★★★★ (1)

Backordered, expected around 01/05/2027

## Product Description

**Interion® Gas Spring Single Monitor Desk Mount**

The Interion® By Global Industrial Single Monitor Desk Mount offers ergonomically correct positioning of a single work display without sacrificing desktop space. Working at a computer screen that's at eye level can prevent lost productivity due to eye strain and back pain caused by poor posture. The single monitor desk mount is engineered from aircraft grade aluminum and injection molded plastic for unparalleled durability and smooth adjustments. The integrated high performance gas lift spring powered arm is optimized for

holding a monitor up to 19.8 lbs. and makes swiveling, tilting and rotating displays easy. The single monitor desk mount includes a dual USB 3.0 port hub in the base, which are convenient for connecting keyboards, mice, USB flash drives, or for charging and sync with other devices. The 6-ft. USB connection supports room for standing desks, even when the computer is situated on the floor. The mounting hardware supports clamp installation on desks up to 3 inches thick with wire routing for a clean seamless look. The mount can also be converted to grommet installation for secure mounting to standing desks with pre-drilled grommet holes.
