Nexel® Airpot Coffee Brewer without Airpot

★★★★★ (0)

Ships within 1 Business Day

Product Description

✓ Manual water fill
✓ Stainless Steel funnel is easy to clean & resists stains
✓ Brews a complete pot in less than 8 minutes & up to 56 cups per hour

This Nexel® Pourover Airpot Coffee Brewer is your solution for brewing & dispensing coffee into airpots for self-serve applications. Constructed from durable stainless steel, this machine brews between 190 and 200°F to unlock the full potential of your coffee beans, resulting in a balanced, flavorful-tasting cup of coffee. It has a slim, compact design that's perfect for places with limited counter space and comes equipped with an easy-to-clean

funnel, a convenient front power switch, and coffee brewing lights. Built for versatility, this machine allows you to either brew & serve coffee from a single location, or you can brew from the back of the house and serve in the front. Limited 1-Year Warranty.

- Airpot sold separately
- Ideal for breakrooms, convenience stores, coffee shops, hotels, & more
- Energy saving up to 68%
- UL & ET-Sanitation Certified
