Model: WB422961

Nelson Wrap Stretch Wrap Dispenser, Extended Reach W/Brake Tension, For 11"-20"W Roll

★★★★½ (2)

Ships within 1 Business Day

Product Description

The original Nelson Wrap Dispenser™ is a lightweight aluminum handheld dispenser that accommodates any pallet load, allowing the user greater leverage and the ability to reach high, or reach low without stressful bending. The types of film to be used with the dispenser are cast, blown, pre-stretch and netting. The patented brake system ensures tighter wrap and less film wasted. It keeps the laborer in a natural position to reduce back and work related injuries. The dispenser accommodates various shaped pallets. It achieves tighter wrapped pallets to reduce freight claims. The self-oiling materials provides smooth, consistent action. Use the tension control for preferred stretch.
