Product Description

Infinity® Locker 3 Tier 12 x 15 x 24 3 Door Assembled Tan

Engineered for years of heavy-duty service. The lockers feature 16 gauge steel doors, 5-knuckle security hinges, quiet operation latch mechanism, and welded, reinforced frame-and-door assemblies for maximum security. The quality locker has a secure 3-point positive locking system, chrome door latch for smooth fingertip opening and one double and two single-prong coat hooks. Generously sized louvers promote ventilation. Legs add 6" to

height. Durable, attractive powder coat finish. Lockers feature finished sides; no need for decorative end panels. Lockers must be anchored securely to floors. 1-wide and 3-wide lockers have four foot plates included. Foot plates bolt to outside locker leg supports and maybe anchored to the floor. Anchors sold separately. **Includes blank number plates. Assembled lockers are not returnable.**

Optional locker accessories (Numbered Plates, Closed End Bases, Slope Top Kits and Locks) sold separately. Due to various layouts you may select, locker accessories ship in a separate box. Install Numbered Plate by simply removing the blank number plate.
