Product Description

STACK AND NEST SHIPPING TOTES

These shipping totes are made with injection molded, high density polypropylene that withstands temperatures from -10°F to 250°F. Cross stack and nest totes comply with **USDA** and **FDA** regulations for use in food processing applications. These plastic shipping totes wont crack or corrode and are waterproof to ensure long life. Pallet totes feature 180 degree nest and stacking to save valuable storage space. Shipping totes fit on standard 48"

x 40" pallets and have a textured bottom to ensure a non-slip grip during transport and in transit on conveyors. Shipping totes are sold in carton quantities.
