Global Industrial™ Plastic Flex Bollard with 8' Sign Post, 52"H x 7" D, Blue/White Tape

★★★★★ (0)

Backordered, expected around 03/28/2027

Product Description

✓ Spring-loaded bollard absorbs impact & prevents vehicle damage
✓ Easily attach any-sized sign with 2 simple bolts
✓ Bright blue finish with highly reflective white tape

The 52"H Global Industrial™ Plastic Flex Bollard with 8' Sign Post is your solution to protecting vehicles and property from impact damage. Made from durable plastic resin, this flexible bollard is engineered with a high-strength interior spring that allows it to absorb

energy upon impact and bounce back after contact. It features a highly visible blue finish with reflective white tape and a convenient sign post for improved safety, making it ideal for parking lots, warehouses, parking garages, and more.

- Made from durable plastic resin for use in any weather condition
- Spring does not damage mounting surface
- Includes hardware for easy installation
- Signs sold separately
