3M® Scotch® 373+ Machine Length Carton Sealing Tape 3" x 1000 Yds. 2.5 Mil Clear - Pkg Qty 4

★★★★★ (0)

Ships in 5 Business Days (Ships from Mfr.)

Product Description

Scotch® High Tack Box Sealing Tape 373+ is a heavy-duty packing tape that securely and reliably closes a wide variety of box materials, including up to 100% recycled corrugate. This packing tape was developed to withstand the shipping stresses of over- and under-packed boxes, and features a unique, high tack adhesive that provides instant stick to secure high-value palletized shipments and single parcels shipments weighing up to 80 pounds.

Features:

- HIGH-PERFORMANCE: Keeps a secure seal on both under and overfilled boxes
- TAMPER-PROOF SEAL: Holds a firm seal to keep boxes closed

- HIGH-TACK: Protects high-value palletized and single-carrier shipments
- VERSATILE APPLICATION: Can be used by hand, with manual dispensers, or with 3M-Matic™ Case Sealers
- INSTANT ADHERENCE: Provides quick tack to keep heavy-weighted boxes secure
- HIGHLY-CONFORMABLE: Conforms around edges and on rough surfaces for a tight seal

Scotch® High Tack Box Sealing Tape 373+ provides consistent, reliable carton sealing that sticks securely, even on under- or over-stuffed packages. This heavy-duty packaging tape unwinds easily and dispenses quickly and evenly to help keep fulfillment operations moving efficiently. The hot melt adhesive penetrates the shorter fibers of highly recycled corrugate to help reduce concerns about tape failure that might lead to rework, theft and open package returns. Also featuring a tough polypropylene film backing, it can resist abrasion, moisture and scuffing to help ensure packages stay sealed from the shipping dock to their destination.
Scotch® High Tack Box Sealing Tape 373+ is engineered to provide excellent adhesion and durability necessary for single parcels that are commonly exposed to shipping hazards including bumpy transport and rough handling. The backing easily conforms around edges and on rough surfaces to provide a lasting hold. With its quick adhesion and durable backing, this carton sealing tape is built with the features necessary to maintain high performance in tough environments.

Specifications

Weights & Dimensions

Length	1000 yd
Width	3 in
Thickness	2.5 mil
Tensile Strength	30
Core Size	3 in

Product Details

Type	Hot Melt Tape (Machine Length)
Color	Clear

Series	373+
Material	Polypropylene
Description	Box Sealing/Packaging Tape (Machine Length)
Package Quantity	4 Rolls
Manufacturers Part Number	7100266183
Percent Elongation	160
Brand	Scotch
