Ships within 1 Business Day

Product Description

Global Industrial™ ORBIT COMPUTER WORKSTATION COMPONENTS

Single LCD Monitor Arm Kit

Easily hold one flat panel LCD monitor on any Orbit Computer Workstation. The item uses standard VESA 75/100 mounting holes and holds LCD monitors from 10" to 30". The mount

allows easy monitor installation and tilt angle adjustments using a hand screw knob. The mount slides along included steel arm for easy adjustments and locks into place. Arm features a single heavy duty hinge point for easy swing-action adjustments while mounted to Orbit Post (post sold separately).
