Ships within 1 Business Day

Product Description

PBL05: The PBL05 is an insulated band-style drum heater specifically designed to fit a 5 gallon bucket/pail. The heater is built for use with 120 volts AC, drawing 1 amp thus producing 120 watts. It has a preset thermostat set for maximum product temperatures of up to 145 °F / 63 °C (± 10 °F / 5 °C). The PBL05 band style bucket heaters allow you to safely control the temperature of expensive chemicals and other fluids; it delivers a barrier of uniform directional heat where it's needed most – preventing fluids from freezing and

maintaining optimal temperatures. This innovative heat-spreading technology insulates, protects and maintains heat in a wide variety of applications. And it's certified by ETL to UL & CSA safety standards.

Features:

- Quickly heat materials to a preset 125° F / 51.7° C (± 10° F/5° C)
- Provide an insulated full-wrap design
- Deliver uniform heat to temperature sensitive products
- Preserve expensive materials without scorching or burning
- Prevent waste by maintaining consistent temperatures
- Certified to UL/CSA/CE standards

Specifications

Weights & Dimensions

Length	41-13/16 in
Width	10-1/2 in
Height	10-1/2 in
Weight	2 lbs
Cord Length	5 ft
Thickness	3/4 in

Product Details

Type	Fixed Temperature Blanket Heater
Min Temperature	135 °F
Color	Gray
Amperage	1 A
Max Temperature	155 °F

For Use With	5 Gallon Poly or Steel Pail
Wattage	120 W
Voltage	120 V
Watts High	120 W
Material	Vinyl
Plug Type	NEMA 5-15
Manufacturers Part Number	PBL05
Max Exposure Temperature	155 °F
Min Exposure Temperature	135 °F
Brand	Powerblanket

Warranty

Warranty	1 yr

Compliance & Certifications

Certifications	ETL, UL, CSA, CE
