PS320-SPEC 10/2007

- Hopper features a convenient carrying handle.
- Dual, adjustable side brooms for efficient edge cleaning.

- 4 brush sweeping system picks up fine dust and larger debris with ease.
- Handle folds for convenient upright storage.

32" Manual Sweeper

Easy to push and maneuver, the PS320 32" manual push sweeper is a highly efficient option for removing dirt, dust and debris from large hard surfaced areas and is ideal for maintaining parking lots, garages, patios, or any other large hard floor area. The 4 brush system utilizes two side brooms to sweep dust and debris towards the two main brooms, where one broom lifts the dirt and debris off the ground and the other broom pitches it into the 1.6 cubic foot hopper. The hopper's convenient carrying handle allows for effortless emptying in any trash or waste bin. The simple design and operation of the PS320 Manual Push Sweeper make it the perfect option for any large area sweeping need.
