Global Industrial™ Automatic Sensor Retrofit Kit w/ Mechanical Override for Toilet/Urinal

★★★★★ (1)

Ships within 1 Business Day

Product Description

✓ Mechanical override button enables on-demand manual flushing
✓ Infrared sensing activation with a calibrated LED indicator
✓ Fits most flush valves for toilets and urinals

Provide users with a hygienic experience while also optimizing water consumption in public restrooms with the Global Industrial™ Automatic Sensor Retrofit Kit. Featuring a chrome-plated metal finish, this battery-powered, side-mount flusher has a gear-driven actuator that

ensures reliable operation and lasting durability. Ideal for commercial applications, this unit is equipped with an infrared sensor for touchless operation, a calibrated LED indicator that detects user presence, four C-size batteries, and a true mechanical override button that enables on-demand flushing.

- ADA-compliant
- Side-mount design allows for quick installation on handle-operated toilet or urinal flushometers
- Powered by four C Batteries (Batteries Included)
- Low battery indicator light
- Includes all necessary tools and hardware
- Unit automatically flushes after 24 hours of inactivity to minimize stagnation & maintain trap seals
