★★★★★ (0)

Ships within 1 Business Day

Product Description

✓ Provides optimal safety/security by helping prevent items from falling from pallet racking
✓ Easily attaches to existing pallet racking using included hardware (optional off-set mounting kits available)
✓ Mesh construction is ideal for smaller boxes and items and offers a high load rating

Protect your pallet rack inventory and nearby workers with our Global Industrial™ Pallet

Rack Netting. This industrial pallet rack safety net features a square mesh design to help catch items in the event they fall or slip off the pallet racking system. The net is made with 100% black nylon mesh that is flame retardant tested to meet NFPA standard 701. Netting is bound in 5/16" dia. polypropylene rope on all edges. Easily attaches to pallet rack uprights using flush mount hardware (included) or off-set hardware (sold separately) on pallet rack uprights. Netting offers additional 3" in length per bay for upright allowance. 1-3/4" Square Mesh is ideal for small products and offers 2500 lb. load rating. 1-Year Limited Warranty.
