## Product Description

✓ Poly-Green® epoxy coating over zinc-chromate electroplating with anti-microbial finish
✓ Quick-adjust shelf provides versatile storage for equipment & inventory

✓ Strong wire mesh paired with a secure lockable door provides visibility & security

The 60"W x 18"D x 66"H Nexel® Poly-Green® Security Cage provides a safer, more secure

solution for storing valuable equipment and inventory in your warehouse. It comes equipped with an adjustable wire shelf to accommodate objects of various sizes and adapt to changing workflow needs. Constructed from high-quality steel, it features a green epoxy powder coat finish over zinc-chromate electroplating with NEXGard®, an antimicrobial agent that inhibits moisture, chemicals, bacteria, mold, and mildew. Its corrosion-resistant finish makes it perfect for use in wet or dry environments, while the open design with 2" square grid mesh promotes visibility, minimizes dust accumulation, and enhances air & light circulation. Ideal for industrial or commercial settings, this versatile security cage assembles easily and includes a set of lockable double doors, side and back panels, four posts, shelf clips, and adjustable leveling feet. Limited 15-Year Warranty.

- Double doors open a full 270°
- Open design minimizes dust buildup & promotes air, light, and sprinkler penetration
- NSF-approved for wet or dry use
- Epoxy finish is rust- and corrosion-resistant
