Product Description

✓ Cools up to 2,000 sq. ft for open offices, warehouses, gyms, atriums, and more
✓ Quieter operation, longer lifespans, higher power-to-weight ratio
✓ Includes a Fire Alarm System for added safety monitoring

The Global Industrial™ 12' HVLS Ceiling Fan operates with direct drive configuration to deliver cooling up to 2,000 sq. ft for open offices, warehouses, gyms, assembly rooms,

atriums, and more. This ceiling mountable fan features 6 aluminum alloy blades in a professional silver finish that deliver constant cooling air flow at a low volume output that is ideal for locations where communication and comfortable cooling air flow are synonymous without interruption. The HVLS fan utilizes a brushless direct current (BLDC) motor that offers several advantages over traditional brushed motors and is engineered to offer low maintenance upkeep. Additional features include a reversible air flow and a Fire Alarm System for added safety monitoring. Includes internal connecting cable, safety steel cables. UL and cUL listed. Fan Diameter is 144".
