Mauser IBC Container 330 Gallon UN Approved with Composite Metal Pallet Base

★★★★★ (0)

Ships Same Day

Product Description

Space-savings storage containers are easy to fill, stack, and load so they are great for multi-trip applications. FDA hot-dipped galvanized steel cage is consistent with Food Code requirements in non-direct food contact environments. Containers are designed for storage of both hazardous and non-hazardous contents. Pallet base construction is steel and plastic for durability and structural integrity. Each container includes inner storage tank made from HDPE natural natural plastic with UV-blocking additive. 2" butterfly valve with durable,

synthetic fluorocarbon rubber gasket included. Top fill cap has a 6" diameter with 2" bung. Complete unit is UN approved -UN 31HA1/Y.

The Department of Transportation regulations require that the filler or offeror for shipment determine hazard class, packing group and suitability of the packaging for transportation including compatibility with the materials of construction and any gaskets, coatings, lining and surface treatments and service equipment. Further it is the shipper's responsibility to close each container according to the manufacturers' closing instructions.

Mauser USA, LLC drums and IBCs are not pressure vessels or vacuum receptacles and Mauser USA, LLC does not recommend or warrant them for this use. They are designed and sold to be shipping packagings and containers only.

Mauser USA, LLC drums and IBCs are not long term storage vessels, they are designed and sold to be shipping packagings and containers. We suggest for safety and integrity of the lading that storage in any shipping container be limited.

Mauser USA, LLC does not provide consulting services for a fee. This information and data herein are provided as an accommodation and without warranty, guarantee or assurance as to its accuracy, completeness or suitability for any purpose. It is not intended for public dissemination, or for any purpose involving the issuance, maintenance or infringement of patents or intellectual property of others.
