TENSATOR®

GOOD

QueueWay™

QueueWay stanchions offer an affordable and functional solution for basic crowd control, ideal for low-traffic environments.

- Full length 7'6" belt in heavy duty woven polyester, which won't fray

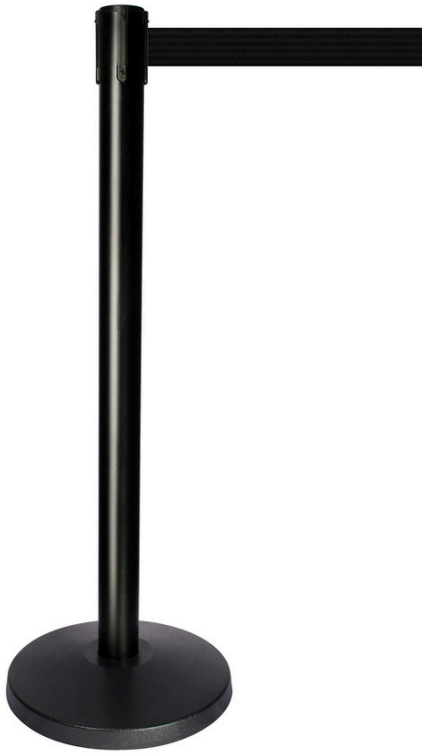

BETTER

QueueWay™ Plus

QueueWay Plus stanchions provide enhanced durability and a polished look, making them a great choice for businesses needing a sturdier, more professional queue system.

- 10ft webbing length
- Customizable webbing
- Universal belt end with the capability to connect to QueueWay & Tensabarrier posts

BEST

Tensabarrier®

Tensabarrier® sets the industry standard with a patented braking system, superior build quality, and customization options, ensuring the safest and most efficient queue management for high-traffic areas.

- 7"6" or 13' webbing lengths
- Customizable webbing
- Variety of base options from universal, magnetic & fixed to specialty bases such as Rollabarrier®
