Ships within 1 Business Day

Product Description

✓ Type A bumper guard for corner protection with rounded exterior but 90-Degree interior
✓ Polyurethane foam is durable and resists hotter work environments
✓ Includes two strips of adhesive for long-lasting adherence to racking

Protect walls from incurring damage and employees from hazardous edges with the Global Industrial™ 90-Degree Corner Bumper Guard. These bumper guards protect surfaces and

reduce impact and feature adhesive strips for easy application that is long-lasting. The bright yellow and black coloring offers an effective warning system. The 90-degree cut-out is ideal for wall corners, shelving, and other right-angle surfaces. A protective foil cover ensures colors don't wear off even after heavy use. 1-Year Limited Warranty.
