Global Industrial™ Machine Wire Guard Panel, 4'W, Black

★★★★★ (0)

Ships Same Day

Product Description

✓ Powder coat finish allows workers to easily see through mesh design.
✓ Panel features bolt on installation.
✓ 3-1/4" industry standard sweep space.

Protect your workforce from hazardous machinery with the Global Industrial™ 4′ W Machine Wire Guard Panel. Equipped with a 2" x 2" 10-gauge welded wire design that's attached to a durable 13-gauge angle frame, this panel increases visibility in areas like weld cells, laser cutting operations, and metal stamping and folding areas. Customize your safety enclosure

even further with compatible Global Industrial™ bright yellow posts (model numbers 800482YL and 800492YL). OSHA and ANSI/RIA R15.06-2014 compliant. 1 Year Limited Warranty. Measures: 4′ W x 5′ H.

- Can be rearranged easily.
- Some assembly required.
- Hardware included.
- Color finish: Black.
