Model: WBB644113

10" Titanium Bonded Ultraflex Shear

★★★★★ (9)

Ships Same Day

Product Description

These Scissors & Shears feature Titanium Bonded blades that are 3x harder than Stainless Steel so they stay sharper longer. The blades will resist corrosion & adhesives. Designed for specific uses as well as multi-purpose cutting tasks. Titanium Bonded Ultraflex Shears are bent, heavy duty shears featuring comfortable Ultraflex handles, extra large finger bows, adjustable tension, and oversized blades with knife edges.
