★★★★★ (0)

In Stock, Ships in 3-4 days

## Product Description

Global Industrial™ workbenches are built to give you years of dependable performance, withstand years of heavy-duty use. Protects equipment from harmful static. **Conductive white plastic 1-1/4" thick top** , ideal when static electricity control is required. Prevents damage to sensitive electronic circuitry during assembly. Properly grounded work surface rapidly bleeds off static build-up and prevents damage to sensitive electronic circuitry during assembly. Dissipates 5000 volt static charge in .01 seconds with surface resistance of 1010 Ohms. Cleans easily with soap and water. Static dissipation complies with MIL-B81705B

and 101B, 101C, Method 4046. **Adjustable Height Legs** feature removable duplex knockouts on front and rear for installation of either a hard wired electrical outlet or an optional plug-in outlet that easily screws into place with no wiring necessary. Legs and all steel parts are undercoated for rust resistance and finished with scratch resistant Black powder coat. Bench height adjusts at 1-1/2" increments. **Steel Drawer** features a safety stop to prevent accidental spilling. Drawer has 2 mounting angle brackets for easy work bench installation on either the left or right hand side. Recessed handle with padlockable hasp for added security (lock sold separately). Measures 18-1/4"W x 23-7/8"D x 5-3/8"H. **Back and End Stops** keep nuts, bolts, screws and other small parts and tools confined to the work surface, prevent them from rolling away. **Bench stringer** added stability, comes with mounting hardware to assemble legs to the bench top. Easy assembly.

Bench Includes:

- Lockable Drawer
- Back & End Stops
- Bench Stringer
