EXCLUSIVE BRANDS BESTSELLER

Global Industrial™ Aluminum Folding Hand Truck, 660 lb. Capacity

★★★★★ (6)

Available on or around 12/11/2026

Product Description

✓ Lightweight & strong aluminum construction
✓ Handle and nose plate fold for compact storage
✓ Heavy 660-pound payload capacity

This Global Industrial™ Aluminum Folding Hand Truck combines the strength & durability of a full-sized conventional model with the convenience & flexibility of a compact folding truck

to allow users to transport loads safely. The truck is made of aluminum, which is lightweight and strong, making it ideal for moving heavy equipment, appliances, cartons of files & paper, and more without adding excessive additional weight as can happen with steel hand trucks. For easy storage, the hand truck's padded vinyl handle and nose plate fold and lock into place, so it takes up less space than traditional, non-folding trucks. Some assembly required, limited 1-year warranty.

- Easy-to-use release bars deploy handle & nose plate
- Large, long-life 8" thermo-plastic wheels
- Heavy-duty extruded rails & cross bars
- Nose plate measures 14"W x 10"D
