Ships within 1 Business Day

## Product Description

Global Industrial™ retractable barriers help create lines and block off restricted areas in banks, offices, retail environments and more. Crowd control stanchions feature belt brake for added safety and torque spring mechanism for smooth and silent belt retraction. Belt head includes include 4-way connectivity with universal connection splines. Belt is constructed from 7-1/2" L x 2"W herringbone weave, nylon material that will last the life of the post. Each unit features a 14" diameter, 16 lb weighted base for stability and rubber floor

protectors for maximum protection to show room or facility floors. Steel post measures 40"H overall with 2-1/2" diameter. Easy assembly.

Ships flat; packed 2 stanchions per box. Price per each post, sold in package quantity of 2.
