Product Description

Door handle with fingertip lift latch is recessed into the door face to create a smooth catch-free surface, to discourage the padlock from being cut off and to provide a neat, clean look. The results are improved safety, security and appearance. These quality lockers feature 16 gauge steel doors, 5-knuckle security hinge and welded, reinforced frame-and-door assemblies. Extra wide louvers promote ventilation. Legs add 6" to height. Lockers must be anchored securely to floors. Includes blank number plates. Lockers have secure 3-point positive locking system, hat shelf, stainless steel door latch and double and single-prong

coat hooks (the 18" deep model also includes a coat rod). Assembled lockers are not returnable.

Also available in
Gray and Tan.
