Product Description

The cost-effective solution when you're looking for **heavy duty metal storage racks** to handle hand-loaded materials. **Add-On Unit** includes 1 upright frame and 3 shelf levels. These **bulk storage racks** offer almost twice the capacity per level as standard bulk racks thanks to the formed step beam frame. Beams attach to frame in seconds without tools. The 14-gauge upright steel frame measure 1-3/4" x 1-3/4" and allows beam adjustment easily on 2" centers. Heavy-duty 12-gauge beam connectors have 3 hooks at each end for positive

connection. 18" deep models do not include deck supports. Welded base plates on 18"D racks accept optional caster kit for mobility. Casters include 5" x 1-1/4" non-marring polyurethane wheels (2 swivel, 2 rigid) and offer 1,000 lb. capacity. Choose from wire, wood or steel deck (sold separately).
