Ships within 1 Business Day

Product Description

This merchandiser refrigerator ensures a temperature controlled environment while conveniently displaying food and beverages for food service, commercial, retail, and other related applications. The powder coated steel exterior construction is both strong and corrosion resistant providing years of dependable service. The double pane, single glass door offers full content access, high visibility, and energy efficiency. The 4 PVC coated wire shelves allow convenient content storage while reducing required maintenance. The aluminum interior includes bright, long-lasting LED lighting for high visibility. The bottom mount compressor is designed to be easily serviced and allows for light duty storage on top

of the unit. Includes front panel temperature controls and power switches for convenient user access. Features 3" casters for ergonomic mobility and transport. 8' power cord. Temperatures range from 33 - 40°F. Color: Black. NSF Certified.
