

7-Spray Hose Nozzle

NB5179-G
NB5179-Y
NB5179-B

OVERVIEW

Our 7-Spray Water-Saving Hose Nozzle has multiple sprays for keeping your garden green. With options for misting, soaking, or gentle showering, each and every plant receives just what it needs. Integrated pressure compensating technology ensures consistent flow regardless water pressure and our exclusive volume dial delivers additional savings when desired. Enjoy a garden that's as beautiful to look at as it is for the environment with Niagara Conservation.

FEATURES

- **Selectable Sprays**
Avoid accidental overwatering by using the ideal setting for each type of plant.
- **Pressure Compensating**
Provides consistent water flow in high, medium, and low pressure homes.
- **Adjustable Savings**
Rotating volume dial lets you easily match flow rates to specific watering needs and durations.
- **Sediment Screen**
Delivers purer sprays and increases spray engine longevity by filtering out debris.
