## OVERVIEW

Simply Conserve® LED Smart Bulbs illuminate a world of comfort and possibilities by letting you customize lighting through the convenience of a smartphone app or voice commands. Adjusting brightness levels and colors to match your mood or change room ambiance is even easier than changing a light bulb. Name, group, set on/off schedules, and share control of your bulbs for easy home automation. There's no smarter or easier way to save energy and lower bills for years to come.

## FEATURES

- Stay connected to your lights anywhere at any time using the Simply Conserve® app.
- Schedule automatic lighting to brighten and dim your home in sync with your schedule.
- Use Amazon Alexa or the Google Assistant for easy voice control.
- Change the lamp's brightness and color based on your activities.
- Operate the lamp directly from your phone with no hub required.
