

## OVERVIEW

Our digital thermometer has an easy-to-read digital display screen that accurately shows Fahrenheit temperatures between 17°F and 150°F. The suction cup allows you to place the thermometer anywhere. This product can be used in a refrigerator and/or freezer as well as a hot water temperature gauge.

Adjusting refrigerator and freezer temperatures to the recommended settings saves energy and improves refrigerator/freezer efficiency up to 8%. The optimal refrigerator temperature range for food safety is 36°F to 40°F. A freezer should be set to 0°F.

## KEY BENEFITS

- Easy-to-read display
- Suction cup easily attaches to most surfaces
- Batteries included

## DIMENSIONS
