40W INCANDESCENT
EQUIVALENT

OVERVIEW

The Simply Conserve® Battery Backup Lamp is an advanced LED lightbulb with an integrated battery that ensures you're never left in the dark. Compatible with standard lamps or fixtures, it operates just like an ordinary LED, until the power goes out. And that's when it really starts to shine by providing uninterrupted light to your home. This innovative bulb can also be quickly removed from its everyday fixture and paired with its twist-on hook to function as a flashlight or portable lamp. Whether you're relaxing with a book on the couch, facing a power outage due to a storm, or enjoying a camping trip, our Battery Backup Lamp is your reliable and resilient light source.

FEATURES

- **Reliable Illumination**
Stays on during power outages by switching to back-up battery mode. Its battery recharges when the bulb is used in standard fixtures, ensuring it's ready when you need it most.
- **Portable and Rechargeable Convenience**
This lamp is fully portable and rechargeable, making it perfect for home, office, and commercial uses.
- **Ideal for Outdoor Adventures**
Damp-rated functionality makes the lamp suitable for covered porches, camping trips, and other outdoor activities.
- **Detachable Hook for Easy Mobility**
Allows for easy portability, providing light wherever needed.
