

Pressure-Compensating Bubble Spray Faucet Aerators

OVERVIEW

Niagara Conservation Pressure-Compensated Bubble-Spray Aerators, available in 1.0 GPM, 1.25 GPM, 1.5 GPM, and 1.75 gpm models, deliver a smooth, splash-free stream while significantly reducing water and energy use. Designed to fit most standard bath and kitchen faucets, their dual-threaded construction supports both male and female applications for maximum versatility. With their integrated Equiforce® Technology these aerators maintain a consistent flow and feel, even in homes with lower water pressures—ensuring comfort and performance while saving water and energy.

FEATURES

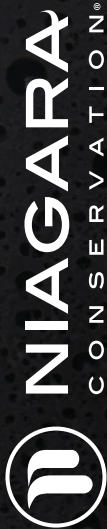

- **Smooth Bubble Spray Stream**
Provides a gentle yet effective flow ideal for everyday washing tasks, while minimizing splashing.
- **Consistent, Comfortable Flow**
Patented Equiforce® Technology ensures a steady stream and performance across varying water pressures.
- **Dual-Threaded for Universal Fit**
Compatible with most faucet types—male (15/16-27) and female (55/64-27).
