

Manual Diverting Tub Spout

EV3101-CP000-BP

OVERVIEW

Say hello to savings and goodbye to leaks with this innovative diverter tub spout. Featuring a robust, positive-action shutoff design keeping the diverter seal intact until showering ends, the Evolve Manual Diverting Tub Spout prevents leaks during shower events—saving up to 5 gallons of water and the energy used to heat it per shower. The unit's patented Quick Connect Mounts enable easy installation on both copper and galvanized stub-outs, making the Manual Diverting Tub Spout ideal for contractors, maintenance repair professionals, and homeowners.

- **Eliminates Diverter Leaks**
Positive action shutoff keeps diverter seal intact until showering ends.
- **Saves Water and Energy**
Stops hot water from exiting tub spout while shower is running to save up to 5 gallons of hot water per shower.
- **Fast Installation with Patented Quick Connect Mounts**
Seamless installation on copper or galvanized stub-outs. Mounts are sold separately and include the following options:
 - ◇ 1/2" Slip Fit Mount for copper and galvanized stub-outs
 - ◇ 1/2" NPT Threaded Mount for galvanized stub-outs
 - ◇ 3/4" NPT Threaded Mount for galvanized stub-outs
- **Unique, Horizontal Action Diverter Design:**
Pull lever for showering or push it for bathing.
- **Automatic Reset:**
System automatically returns to bath dispensing mode after showering ends
