

# Garden Hose Timer

62018-I

## OVERVIEW

The Niagara Conservation Garden Hose Timer helps users save time and water while maintaining healthy lawns and gardens. Designed for convenience and efficiency, it allows watering cycles to be timed with a twist of the dial. Simply turn-on the water, set the desired duration, and the hose shuts-off automatically to keep plants vibrant by reducing the risk of overwatering. Its durable construction and brass connector ensure reliable performance season after season. Ideal for lawns, gardens, flower beds, and micro-irrigation systems.

## FEATURES

- Automatic Shut-Off**  
Prevents overwatering by automatically shutting off water flow at the end of each cycle, with adjustable run times in 5-minute increments up to 2 hours.
- Durable Housing**  
Constructed from heavy-duty polymer to withstand outdoor use; compatible with water pressures from 14 to 113 psi.
- Brass Connector**  
Equipped with a high-quality brass connection point for improved durability and leak-resistant performance.
