

Kerf Door Seal

QEBD650 84 B CS 150

QEBD650 84 CS 150

OVERVIEW

Tired of drafts, noise, and the unwanted outdoors sneaking in through your door? Our Kerf Door Seal is here to save, the day! Made from open-celled foam and a polyethylene liner, this seal offers top-notch long-term performance with minimal compression force and excellent resistance against compression set.

These door seals are designed to retain their shape year after year, ensuring a perfect weatherseal every time. They fit effortlessly into most door kerfs, thanks to the dual durometer insert that allows for easy insertion and maximum retention. Plus, they can be removed without causing any damage to the jamb or seal.

QEBD650 84 CS 150

QEBD650 84 B CS 150

FEATURES

- **Effortlessly Seals Doors with Precision**

The dual durometer insert ensures a snug fit in most door kerfs, providing a reliable weatherseal that keeps drafts and noise at bay

- **Enhances Home Comfort & Protection**

In addition to saving energy, this long-lasting door seal repels drafts, dirt, dust, and all the other undesirable outdoors —making your home more comfortable, enjoyable, and inviting

- **Durable & Long-Lasting Performance**

Designed to retain its shape year after year, this door seal offers superior resistance to compression set, ensuring long-term efficiency and minimal maintenance
