

OVERVIEW

A power outage shouldn't mean complete darkness. That's why the Simply Conserve® Battery Backup Lamp functions like a normal light bulb – until it's needed most. When the power goes out, the bulb stays on by operating in back-up battery mode. It charges when the light is on, so it's always ready to shine. Fully portable and rechargeable, the Battery Backup Lamp is ideal for home, office and commercial uses. Its damp-rated functionality also makes it a popular choice for outdoor usage in gardens, camping trips and more.
