

ADJUSTABLE MINI WALL PACK

L15/25-MWP-30/50-120/277-PC

OVERVIEW

Simply Conserve's field-adjustable mini wall pack includes dip switches on the unit, allowing for adjustment of the input power and color temperature. There is also a dip switch to toggle photocell functionality on or off. This mini wall pack's durable construction allows for easy installation in a variety of applications for new construction, remodel, and retrofit projects.

5-Year Limited Warranty

AM Conservation® guarantees to the original purchaser or recipient of a wall pack that it is free from defects in material and workmanship for a period of 5 years. AM Conservation will at our choice replace any part of the wall pack which is in our opinion defective provided that the product has not been abused, misused, altered, or damaged after its purchase. This includes damage due to the use of tools or harsh chemicals. In the event a product has been discontinued, AM Conservation will replace it with what we determine to be the closest product. AM Conservation is not responsible for labor charges, installation, or other consequential cost. AM Conservation's responsibility shall not exceed the original cost of the product.
